SPECIAL GRAND JURY RETURNS 38 INDICTMENTS

ARRESTS WILL BE MADE TODAY AND SATURDAY BY SPECIAL DEPUTIES

Twenty-Seven Men are Named Co-Defendants in One Indictment—Colored Deputy Sheriff is One of Number—Many of Men Are Miners Tho a Few Are in Other Work

(By The Associated Press)

MARION, Ill., Sept. 7.—Lined up in a semi-circle in the circuit court room of the Williamson county court house late this afternoon, the special grand jury investigating the Herrin massacre returned thirty-eight more indictments, all for murder. Circuit Judge D. T. Hartwell turned the indictments over to Circuit Clerk L. O. Caplinger who will prepare the capias for each individual and the arrests will be made by the special deputies some time Friday or Saturday.

The first indictment accuses six men of the slaying of Howard Hoffman of Huntington, Ind., in the Herrin cemetery. He was one of the six captives who escaped the massacre at the barbed wire fence in the timber. They were recaptured and led back to the cemetery. There they were shot down. One of them lived and the other five died. The men named in this true bill are Peter Hiller, Clarence Rodgers, Leva Mann, Joseph Carneghi, Percy Hall and Bert Grace.

The second indictment names nine men in connection with the hanging of Robert J. Anderson, Sparta, Mich., at the Southern Illinois strip mine. His body was riddled with bullets after he had been hanged. In the indictment there are two counts, one naming the shooting and the other the hanging. The men accused are Nava Sarnady, Herbert Rushing, Clyde Lee, James, Galligan, Bert Grace, Hallas McCree, Otis Maynard, Joseph Rhodes and William Stanley.

The third indictment concerns the slaying of John Shoemaker. He and thirteen other of the non-union mine employes who had surrendered under a flag of truce were killed at the barbed wire fence in the timber near the power house.

In the indictment twenty seven men are made co-defendants. Five of them named in other true bills. The accused men are: John Kelly, Hubert Walker, James "Dad" Norris, Roy Pennington, Harvey Perdue, Charles Rogers, John Rushing, Dallas Mc Cree, Otis Maynard, Alvin Stewart, Joe Murray, Campbell Lively, Wesley McPharon, Frank Adams, Alvin Lolless, Floyd Stokes George Anderson, Fred McGough, Fred Travelsted, Philip Fontanetta, Tom Weeks, J. Brown (colored deputy sheriff), Otis Clark, Lee Howard, Tonny—Louis Corbett and Bert Grace.

The fourth indictment is for the slaying of John Shoemaker and charges Hubert Walker with committing the slaying. He is the only one named on that indictment.

Otis Clark the first one to be indicted and the first one to be arrested now held in the county jail is also charged with the murder of Shoemaker in the indictments returned today.

Anderson was alleged by the miners at the time of the massacre to have fired a machine gun and he was hanged for that.

Shoemaker was the father of three young children and was a brother-in-law of W. J. Lester owner of the strip mine. He was acting as assistant mine superintendent at the time of the massacre. He was a civil engineer and university graduate and son of the mayor of Charleston, Ill. According to the testimony of one of the massacre victims who escaped, his body was mistreated to many indignities and one final shot was fired into his body to make sure that he was dead.

Many of those indicted are miners but a few are engaged in other occupations.

Special deputy sheriffs are now out arresting the men indicted.

FIRST EMERGENCY COAL MEASURE IS PASSED IN SENATE

Only Seven Negative Votes Are Recorded Against the Bill

(By The Associated Press)

WASHINGTON, Sept. 7.—With only seven negative votes recorded, the senate late today passed the first of the emergency coal bills, the house designed to check profiteering and control the distribution of coal. The vote was 40 to 7 and the measure as amended was sent to conference.

Passage of the profiteering bill was followed immediately by consideration of the fact finding commission measure, but final action on it was deferred by heated debate over provisions which would direct the commission to study the question of nationalization of the mines along with other phases of the industry.

Before quitting for the day the commission bill was amended to direct the agency to make a separate and distinct investigation of the anthracite industry and to inquire into any 'organized relationships" between miners and operators if they exist.

The commission is ordered to make its report on the anthracite inquiry not later than July 1, next year, which would be one month in advance of the meeting.

The fight on whether the commission should be directed to inquire into the advisability of nationalization is expected to be resumed tomorrow as a result of an amendment to strike out that section. Senator Sterling, Republican, South Dakota, opposed the provision because of the extra work which he said it would require of the commission in studying 'a speculative" proposition.

Senator Cummins, Republican, Iowa, who had introduced a bill similar to the house anti-profiteering measure announced he would seek early action on the conference. The house however will not be in session until Monday and no action therefore can come from the bill until that time.

BANDIT GIVES VICTIMS BOUQUET OF FLOWERS

Chicago, Ill. Sept. 7—A bandit who gives his victims a bouquet of flowers made his appearance at the home of Mrs. Lillian Fishman here today, disguished as a flower shop messenger. He forced the woman and her three year old daughter into a closet at the point of a revolver, then escaped with $2,000 worth of jewelry leaving his flowers behind.

PRISONER FOUND DEAD IN CELL

Springfield, Sept. 7—Ralph Thomas, giving Peoria as his address was found dead at the county jail today. Thomas had been a prisoner since August 6 when he was arrested on a charge of obtaining money on false pretenses. Death is thought to have been due to heart trouble. Cell mates found him lying dead in his cell.

Coroner C. T. Branson has ordered a postmortem examination.

FOUR MEN KILLED ON GRADE CROSSING

Cedar Rapids, Iowa, Sept. 7—Four men all farmers were struck and instantly killed at a grade crossing of the Rock Island road here late this afternoon. Albert Weimore a farmer was badly injured. The train was in charge of the same crew which killed a man a week ago at River Junction.

STRIKE LEADERS ARE HURRYING TO CHICAGO MEETING

Union Officials Throw Great Secrecy About Meeting

(By The Associated Press)

CHICAGO, Sept. 7—Rail strike leaders from every section of the country were hurrying to Chicago tonight in response to the summons of B. M. Jewell, president of the railway employes department of the American Federation of Labor.

Tomorrow there will be a meeting of the executive council, consisting of the six executives of the shop crafts, and Mr. Jewell and on Monday there will be a meeting of the policy committee of 90.

The object of the sessions was not stated in the call.

At the union headquarters a veil of secrecy was thrown over both meetings, altho it was said that the meeting of the executive council would be secret and that no announcements of any kind would be made regarding any possible action it might take. Mr. Jewell was still absent from headquarters today and it was said at his home that he would return from New York early tomorrow.

In the absence of Mr. Jewell and other members of the executive council, several of whom were said to have been in the east with him, union officials refused to comment on widely printed rumors taht Mr. Jewell and other members of the executive council was planning to submita proposal for a settlement with individual roads to the full council.

It was pointed out that the meeting Monday would take place simultaneously with the hearing before Federal Judge Wilkerson of the action by the government seeking to make the temporary injunction granted last Friday against the strikers permanent.

Western railway executives were almost a unit in declaring that they knew of no negotiations looking toward separate settlements with individual roads.

"Strike settlement with the American Federation of Labor is now an impossibility," said A. G. Wells, vice-president of the Santa Fe at Topeka, Kansas. He added that reports of the willingness of the shop crafts heads to make settlements on individual roads as stated in press reports indicates that there is a realization among the leaders that the strike of the shopmen is lost. At the same time Carl Gray, president of the Union Pacific declared the strike "irrevocably lost" in a statement issued at Omaha. He added that the Union Pacific had 82 percent of a normal force now at work and that there was no disgrace in defeat for the shopmen.

URGE PEOPLE TO PRAY FOR PEACE

(By The Associated Press)

PORTLAND, Ore., Sept. 7.—house of deputies of the Protestant Episcopal church in triennial session today adopted a resolution urging all people to pray in the interest of world peace.

Ira W. Stratton of Reading, Pa., who introduced the resolution, recommended its passage in line with suggestions made by Canadian bishops who had addressed both houses of the convention in joint session.

Ratification of portions of the Book of Common Prayer, which were acted upon three years ago was before the house of deputies. The principal amendment was the insertion of an alternate for the present prayer for the president of the United States. The house accepted the resignation of Bishop James D. Morrison of Duluth, who has retired on account of age.

OFFICIAL FEARS MINERS ARE DEAD

JACKSON, Cal., Sept. 7—E. A. Stent vice-president of the Argonaut Mining companies, believes that the 47 miners entombed in the mine here have perished, he declared tonight in the first official statement he has issued since the men were trapped by fire a week ago Sunday night.

"I sadly fear that all we can do is to bring out the 47 bodies," Mr. Stent told The Associated Press. ..I do not hold out any hope for the rescue of many, if any of the men. I do not place any credence in the alleged reports of signals from the entombed miners."

MAJORITY FOR LAFOLLETTE IS STILL GROWING

Senator's Majority is Now Near the 200,000 Mark

(By The Associated Press)

MILWAUKEE, Wis., Sept. 7.—Senator Robert M. LaFollette continued to increase his majority over William A. Ganfield for the Republican United States senatorial nomination as belated returns dribbled in from country districts today the total majority for Wisconsin's senior senator having neared the 200,000 figure based on returns from 2,218 precincts out of 2,523 in the state.

Senator LaFollette carried every other member of the ticket to an overwhilming victory.

Governor John J. Blaine's majority over his two opponents is not far from 150,000 reckoned on returns from 2,216 precincts. Blaine's vote for these was 291,945, that of Morgan, 132,682 and McHenry the wet candidate, 15,730.

An official count it is expected will be required to settle the nomination for congress on the Republican ticket in the ninth district. This race appears very close. Only 98 votes separate George J. Schneider and Judge Henry Grass of Green Bay.

The balance of the LaFollette ticket below governor have majorities ranging from 17,000 for state treasurer to approximately 100,000 for the candidate for lieutenant governor. With about 800 precincts still to be reported in these races, the vote for lieutennat governor nominations was Comings 206,875, Young 108,028 from 1,707 precincts.

Leaders of the LaFollette faction in Milwaukee claimed today that while official returns were not available in the races for legislative candidates that it was felt beyond question that Senator LaFollette and his colleagues carried enough nominations among legislative candidates to give that wing of the party in Wisconsin a sufficient working majority to carry out its poposed policies.

PRESIDENT'S WIFE CONFINED TO WHITE HOUSE BY ILLNESS

According to Word Given Out There is no Cause for Alarm

(By The Associated Press)

WASHINGTON, Sept. 7.—Mrs. Harding, wife of the president is ill under the care of Dr. Sawyer, the family physician. She has been confined to the white house for several days. Her illness is described as an ailment neither alarming nor dangerous.

Mrs. Harding's illness is said to be one to which she has been subject and is not regarded as giving any cause for alarm. No official statement has been issued and until today the illness of the president's wife was known only to a very few close friends.

Ordinarily Mrs. Harding has been in good health ever since the President entered the white house more than a year ago. She had been very active accompanying her husband to practically all official functions and invariably when he has appeared before congress.

She has been prominent in local, social and philanthropic work and has been a frequent visitor to world war veterans in the various hospitals in this vicinity. The illness is nothing in the nature of a breakdown, but is rather due to a slight organic trouble.

REVENUE AGENTS RAID NEW YORK HOTEL

(By The Associated Press)

NEW YORK, Sept. 7.—A raiding party of twenty-eight internal revenue agents, twelve police detectives and two assistant federal attorneys swept down on the Hotel Longacre, in the theatrical district tonight, arrested ten persons and seized quantities of narcotics and liquor.

Assistant United States District Attorney Connolloy, who carried a search warrant issued by Federal Commissioner Hitchcock, said that the raid was made as a step in campaign to put a check to the widespread traffic in drugs in the white light district.

A police cordon which was established about the hotel during the raid attracted throngs to the scene in such numbers that it was necessary to call out the reserves of two police stations.

When news of the raid reached the audiences of the Broadway theaters, many men and women left their seats during intermission and rushed to see the raiding party at work.

Mrs. S. L. Birdsell and family of 346 Sandusky street, has returned from a visit with friends in Decatur.

RAIL HEADS DENY KNOWING OF MOVE TO END THE STRIKE

N. Y. Central Man Says No Loosening of Seniority Issue

(By The Associated Press)

NEW YORK, Sept. 7—Rail executives tonight stood pat on their assertion that they knew of no new move being afoot to end the shopmen's strike.

A. H. Smith, head of the New York Central lines, which were reported to have been represented at a secret meeting in Baltimore denied emphatically that his road had participated in such a parley or intended to.

He added however, that if there was any room in New York Central shops for more men, some of the strikers might be taken back.

"But," he continued, "if they come back, it will be under the terms agreed upon at the last executives' conference here. There will be no loosening of that seniority issue under any circumstances."

Other rail heads also professed ignorance of any further peace conferences maintaining their stand that recruits rapidly were being found and that the strike was near to a collapse.

Local strike leaders received confirmation from Chicago late today that a meeting of the policy committee had been called for next Monday.

"I have no idea what it will consider, but there will be a meeting," said David Williams, secretary of the central strike committee for the east.

"They didn't mention in their telegram the business they planned to transact."

Strike leaders who had their attention focussed on a meeting of Central Trades and Labor Council tonight at which the government injunction step in the shopmen's strike was scheduled for consideration were encouraged by two communications received today. One was from Samuel Gompers, president of the American Federation of Labor pledging the support of the federation in efforts to impeach Attorney General Daugherty and Federal Judge Wilkerson of Chicago for their part in the issuance of the government's rail injunction.

The other message was from Senator Cummins of the senate committee on interstate commerce in which he informed the local strike committee that the committee could see no need for investigating the condition of rolling stock as requested.

GROOM SAYS HE WAS FORCED TO MARRY

(By The Associated Press)

CHICAGO, Sept. 7—After declaring that his bride had forced him to marry her at the muzzle of a pistol she carried strapped to her waist, John D. Findley, 67, obtained an annulment of his marriage last December to Grace Hawkins, of Greenville, Miss.

In the court today, Findley testified that his bride had been wooed and and won by mail after he had answered an advertisement—accompanied by a picture of a beautiful girl—in a matrimonial paper. Finley said that he went to Greenville and found his bride-to-be was 35 years old. When he expressed his disappointement he said, she drew a gun and marched him before a minister.

A few weeks later he testified he escaped.

IRA PAVEY TO BE HANGED AT FORT MADISON TODAY

First Legal Execution to Take Place in Iowa in Twelve Years

(By The Associated Press)

FORT MADISON, Iowa, Sept. 7.—His attitude of stoical indifference unchanged as the hour of his execution draws nearer, Ira Pavey of Sioux City, the first man to be legally hanged in Iowa for twelve years, sat tonight in the death cell at the state penitentiary smoking cigarettes and reading magazines.

Pavey will be hanged tomorrow at noon for the murder of Claude Letner of Sioux City alleged booze runner.

While Pavey sits unemontionally watching the hours pass his aged mother, Mrs. Emma Pavey of Kansas City, with her two daughters is speeding thru Missouri in an automobile in an attempt to see her son once more before the trap is sprung.

Her plea for clemency to Governor N. E. Kendall was denied by the executive early in the week.

Pavey refuses to see or talk to anyone and maintains a sostile attitude to all who approach him.

This afternoon he again refused the offer of a priest to be with him in last moments.

Asked by prison officials if he wanted a special meal before going to the gallows tomorrow Pavey said:

"Bring me a piece of cherry pie and a sack of smoking tobacco, that's all."

Erecting Gallows

Just at sunset today, after the prisoners at the penitentiary had been placed in their cells for the night workmen began erecting the sixteen foot wooden gallows in the southwest corner of the prison yard, next to the high stone wall.

The gallows are placed where it will be impossible for any of the inmates to view the hanging. Two "lifters" who act as gate keepers at the great gate near the spot where Pavey will die will be sent to their cells tomorrow and two guards stationed there in their places. Members of the death party began arriving in Fort Madison this afternoon.

Among those to arrive were County Attorney Anthony Tepaske of Sioux county who prosecuted Pavey, and several of the twelve official witnesses. Sheriff Hugo Synhorst who will spring the trap which sends Pavey to his death arrived early this morning.

District Judge William Hutchinson of Sioux county who pronounced the death sentence is expected to arrive early tomorrow morning. When Pavey is pronounced officially dead tomorrow he will have ended a career of crime that is equal to any in the history of the state. Altho only thirty years of age, the Sioux City gunman has a record covering seven convictions in different states all of them since he was fifteen years of age and on charges ranging from incorrigibility to first degree murder.

GOMPERS BUSY ISSUING STATEMENTS

(By The Associated Press)

ATLANTIC CITY, N. J... Sept 7—Asserting that President Harding "instead of using the big stick on the railroad executives thru his attorney general has swung it in the form of an injunction against the shop crafts," Samuel Gompers president of the American Federation of Labor tonight issued a statement wherein he said:

"Oh for one hour of normal thinking of our government officials."

An amendment drawn today would prohibit the enactment of any law or the making of any judicial determination which could deny the right of the workers of this country "to organize for the betterment of their conditions; to deal collectively with their employers or to collectively withhold their labor and patronage and induce others to do co."

WOODSON CHICKEN FRY ATTENDED BY MANY

About 450 persons attended the annual chicken fry of the Woodson Christian church, given Thursday evening in the church basement. Serving began at five o'clock and continued until a late hour in the evening, many from Jacksonville, Murrayville, and other points being among those in attendance.

The general arrangements were made by Mrs. Ema Taylor, president of the Ladies Aid society of the church, and she had the co-operation of a large and efficient corps of helpers. Mrs. I. H. Fuller was in charge of the dining room. The Woodson band furnished fine music thruout the evening.

UNIONS ATTACK THE LEGALITY OF STRIKE RESTRAINING ORDER

Suit Against the Order Obtained from Federal Judge Wilkerson is Started in Supreme Court of the District of Columbia Thursday—Saturday is Day Set for the Hearing

(By The Associated Press)

WASHINGTON, Sept. 7.—Legality of the order obtained by the government from Federal District Judge Wilkkerson at Chicago, restraining the striking railway shop crafts and the raidroad brotherhoods from interferring with tansportation in prosecution of the shopmen's strike, was assailed today in a suit filed i nthe supreme court of District of Columbia by the International Brotherhood of Electrical Workers, one of the organizations on strike. The question of jurisdiction of the Chicago court was also raised by the petition which denied that the plaintiffs had been guilty of any illegal act before or since July 1.

The electrical workers asked a permanent injunction to prevent United States Attorney Gordon and United States Marshal Snyder from enforcing locally the provisions of the Chicago order.

Within two hours after the filing of the suit—which was set for hearing near Saturday, Mr. Snyder had served formal notice of the Chicago injunction on J. P. Noonan, president of the electrical workers, on most of the other local leaders named as defendants and was instituting a search for William H. Johnston, head of the machinists' association who was said to have disappeared again after visiting his office.

The electrical workers' petition was said to have been filed solely on their own behalf and without reference to the other six unions on strike.

Officials of the department of justice would not comment for publication on the recourse of the strikers to the courts but unofficially they expressed the opinion that if the supreme court of the district of Columbia should grant the temporary restraining order, it would open up wide avenues leading to possible upsetting by courts of other jurisdiction of injunctions and restraining orders granted by the district supreme court such as those in various packers and other important cases under the Sherman and Clayton acts.

See Strike Settlement.

Some administration officials who have kept in personal touch with one or both sides to the transportation controversy thruaut its progress reiterated today they had reason to believe that the prospect for settlement of strike on several individual roads to be improving.

After a conference between Mr. Daugherty and Senator Borah, it was reiterated by government officials that no effort would be made to retain in the Chicago permanent injunction when and of granted, the provisions which have been interpreted as tending to interfere with "free speech." How far government representatives would go in agreeing to a modification of the temporary order was not stated.

But those in close touch with the administration were sanguine in a prediction tonight that it would be "very radically modified."

This, is was stated would occur on the government's own motion before the court Monday. The attorney general and his advisers were said to have come to the conclusion that the temporary order went unnecessarily far in its restrictions.

SECRETARY DENBY ARRIVES IN CHICAGO

(By The Associated Press)

CHICAGO, Sept. 7—Secretary of the Navy Denby arrived in Chicago late today from Japan. He and his party came direct from San Francisco in a private car.

"I have no comment to make on the railroad situation," said Mr. Denby. We experienced no trouble across the continent and the train is on time."

The secretary said he is hastening to Washington to assist in daily conferences being held by the president on the railroad situation. The party departed tonight for Washington.

RUTLAND VERMONT FAIR IS SCENE OF AIRPLANE TRAGEDY

Lt. Maynard, Known as Flying Parson, One of Dead

(By The Associated Press)

RUTHLAND, Vt., Sept. 7—For a crowd of 30,000 persons assembled at the Ruthland fair grounds this afternoon, a "flying circus" staged with airplanes and balloons was turned into a tragedy, four participants meeting death. An airplane crashed from a height of 2,000 feet carrying to their deaths the pilot, mechanic and a passenger. A few hours later an aeronaut leaping from a balloon 1,500 feet in the air was killed when his parachute failed to open.

The dead:

Lientenant Belvin W. Maynard, known thruout the country as "the flying parson," pilot of the airplane.

Lieutenant L. R. Wood of Ticonderoga, N. Y., passenger with Maynard.

Mechanic Charles Mionette of Plattsburg, N. Y.

Henry A. "Daredevil" Smith of Boston, aeronaut.

Lientenant Maynard and his companions crashed about one o'clock near the fair grounds. Hardly had the crowd recovered from the schock when the second accident came. Smith, a professional aeronaut was killed instantly when on his third attempt the parachute was seen to open slightly then close up tightly. Then the aeronaut dropped.

Smith who was 43 years of age had been giving parachute exhibitions at fairs thruout the east for the past ten years.

Lieutentant Maynard and two companions crashed to almost instant death this afternoon when their plane went thru a nose dive at an altitute of 2,000 feet.

Lieutenant Wood and Charles Mionette who with Lieutenant Maynard comprised the personnel of a "flying circus" that had entertained large crowds daily for a week with stunt flying, went up today as passengers. Both were instantly killed. Lieutenant Maynard was breathing when spectators rushed to the wreck but died on the way to the hospital.

Governor Hartness and staff were among the crowd, which was the largest in the history of the fair.

The body of Lieutenant Maynard was sent late tonight to his home at Maynard, North Carolina. The local post of the American Legion took charge of the arrangements and escorted the casket to the train.

The Chicago Tribune has discovered a certain physician who says that a great deal more harm is done from excessive candy eating than from consumption of wine and beer. Of course this is a very pleasing find for a paper so radical on this subject, and the item properly appears under double headlines.

Indictments do not prove guilt or make punishment for crime certain. However, the indictments returned at Herrin, after grand jury investigation continuing more than two weeks, is finally indicative of the purpose of Illinois to endeavor to convict those guilty of the Herrin murder.

It should be borne in mind, as one newspaper has stated, that the men to be tried in Williamson county are charged not with being miners but with murder.

The way the public has in the last two or three days seized upon rumors of settlement of the shopmen's strike by further conferences between the workers and the group of railroad executives, indicates the relief that the public would feel if the strike would but come to an end.

Conditions as a result of this strike have made many people timid about traveling and in other ways the strike has had depressing effects upon business. The public greedily devours any labor peace rumors.

Captain Streeter, who for many years kept up his court fight seeking to prove title to portions of the Lake Shore front in Chicago, is dead but his spirit marches on. Now a relative of the captain's has brought action seeking to establish title to practically all of Chicago's "gold coast."

These men well up in the financial world keep saying that business is just around the corner. Business has been for months now attempting to pass around the aforesaid corner, but the pavement seems very slippery and progress is exceedingly slow.

Every returned vacationist from Michigan and Wisconsin resorts has now definitely determined to advance the return date next year to Sept. 5.

The Pennsylvania railroad has the remarkable record of having handled more than 150,000,000 passengers during the past year, without one single fatal accident.

The men who work for the Pennsylvania have justly been given the largest share of credit for this fine showing, but the management is also alert in its program for safety. Take for instance the fact that every Pennsylvania passenger train in or out of Chicago these days is preceded by a motor car carrying expert trackmen as observers. The purpose is very evident—to use every possible precaution in maintaining safety.

It is seldom that a clubman is so widely mourned as Bishop Fallows, whose death occurred this week. He gained prominence as a soldier, a writer, business man and a minister. No doubt the greatest reason for this popularity and influence was found in the fact of his broad-minded spirit, which ever kept denominationalism in the background. He was fearless without fanaticism, steadfast in his own opinions but tolerant of those of other people.

SALVATION ARMY PLANS IMPROVEMENTS

Advisory Board Met at Chamber of Commerce Thursday Morning—Would Modernize Present Building.

The advisory board of the Salvation Army met at the Chamber of Commerce Thursday morning to discuss ways and means to make certain improvements of the local army barracks.

There is a movement on foot to repair and modernize the building and give it a fresh coat of paint and put it in better and more comfortable condition. These improvements necessitates the expenditure of several hundred dollars.

At present there are no funds available for these improvements and the aid of the public spirited citizens will probably be appealed to in the matter.

The board of directors selected at the meeting to handle the affair neludes: C. A. Johnson, M. C. Hook, E. M. Spink, W. A. Fay, E. E Crabtree, Stanley Wright, James I. Graham, Elmer Henderson and Fred Randall. The election of officers of the board will be held at a meeting of the directors at the first meeting in October.

SURRISE PARTY IS GIVEN AT LITERBERRY

Miss Hazel Lacey Given Pleasant Birthday Surprise by Friends —Aid Societies Meet—Other Literberry News.

LITERBERRY, Sept. 7.—A surprise party was given Thursday evening at the home of Mr. and Mrs. J. T. Lacey west of Literberry, the affair being in honor of the birthday of their daughter, Miss Hazel Lacey. The company which assembled at the Lacey home numbered about sixty and there were guests present from Arcadia, Jacksonville and Literberry.

A fine program of ukelele and banjo music was furnished by various ones of the guests, and games and contests made the evening a very pleasant one. Refreshments of ice cream, cake and candy were served at a late hour.

Baptist Aid Meets.

The regular meeting of the Ladies' Aid Society of the Literberry Baptist church was held Thursday afternoon at the home of Mrs. Walter Roach with a goodly number of the members present. The program of the afternoon included two readings, one by Mrs. C. A. Beavers, who described the work in the Near East, and another by Mrs. Earl Rexroat on "The Neighborhood Mother."

A social hour followed the program and the serving of delicious refreshments brought the afternoon to a close. The next meeting of the society will be on Thursday, Oct. 5, at the home of Mrs. John Hunter, southeast of Literberry.

Clio Circle to Meet Friday.

Mrs. Walter Long will be the hostess to members of the Clio Circle of the Literberry Christian church Friday afternoon. The general topic of the afternoon will be "A study of Our Interior," and the program will include a sketch of the location of the Christian churches and mission stations in the northwest. Mrs. Thomas Pierce will be the leader of the afternoon.

Among matters which will be discussed will be a burgoo picnic to be given some time in the near future, and the open meeting of the circle which is scheduled for some time next month. Plans for the November supper will be made in a tentative way.

Christian Church Aid Meets.

Members of the Ladies' Aid Society of the Literberry Christian church met Thursday afternoon at the home of Mrs. William Phillips, northwest of the city. Mrs. James McFarland was the program leader and Mrs. Grace Ogle, the president, was in the chair. The musical program of the afternoon included two vocal numbers by Miss Irene Ogle and some instrumental numbers by Miss Dorothy Ogle. A reading was given by Miss Lora Petefish. A social hour came after the program and at this time Mrs. Phillips served delightful refreshments.

The Beautiful Liar

There's a beautiful romance; it's chock full of laughs; it's lavishly produced—and how the wealth of wonderful gowns and millinery creations will delight the women.

There is a light that lies in a woman's eyes and lies and lies and lies. Katherine Mac Donald in "The Beautiful Liar" proves it.

Katherine MacDonald fans can't help but love this picture. The "Beautiful Liar" will give them the opportunity to see her play two entirely different roles in the same picture—a dizzy, dashing Follies star and a poor, little prim stenographer. There is no villain to muss things up. This is a delightful comedy-drama chock full of good romance and high class comedy. This is the honest truth about "The Beautiful Liar."

It is one of those stories that leaves a pleasant taste

REV. AND MRS. EAMES HERE FROM CHINA

Are Guests at the Home of Mrs. Harriet Lander — Rev. Mr. Eames Engaged in Missionary Work.

Rev. and Mrs. Charles Eames and son of the Shantung Province, China, are visiting at the home of Mrs. Harriet Lander on West State street. Mr. Eames will be remembered by many of Jacksonville residents as a student of Illinois College from which institution he is a graduate.

For several years Rev. Mr. Eames has been engaged in general missionary work with the Northern Presbyterian church in the Shantung province of China. His principal work has been in the rural districts.

Rev. Mr. Eames states that at present there is more hope of getting China united than has been for several years. Shantung Province is ultra conservative and is anxious to have the Japanese removed from the province, who have been occupying the country, or that part which Germany held before the war.

Mr. Eames states that the Chinese people in his district are very receptive to the Christian religion. There are five million people in the province and about three thousand are Christians.

Hospitaller Commandery No. 31, K. T., will hold a special conclave this evening at seven-thirty o'clock. Visiting Knights welcome.

ATTENTION WOMAN'S RELIEF CORPS

There will be a regular meeting this Friday afternoon at 2 o'clock at the American Legion hall.

Angie Weber President.
Ada Armstrong, Press Cor.

PUBLIC INVITED TO JOIN LEGION ON TRIP

Members of the local post of American Legion are hopeful that a party of 25 can be organized to attend the national convention which is to be held in New Orleans in October. If a party of this size is organized a special Pullman can be secured and a one fare rate for the round trip. This will mean an expense of approximately $45 for the round trip, and the Pullman will be kept on a side track for the use of the passengers during the days of the convention.

October is a favorable time for a visit to New Orleans and there is no doubt about the quantity and quality of entertainment that will be provided.

Reaugh Jennings, deputy in the circiut clerk's office, is adjustant of the local post and will be glad to hear from any persons not members of the post who care to join his party. It is not necessary to be an ex-service man in order to have the advantage of the special transportation plan.

SEVEN CARLOADS OF OIL COMING FOR COUNTY

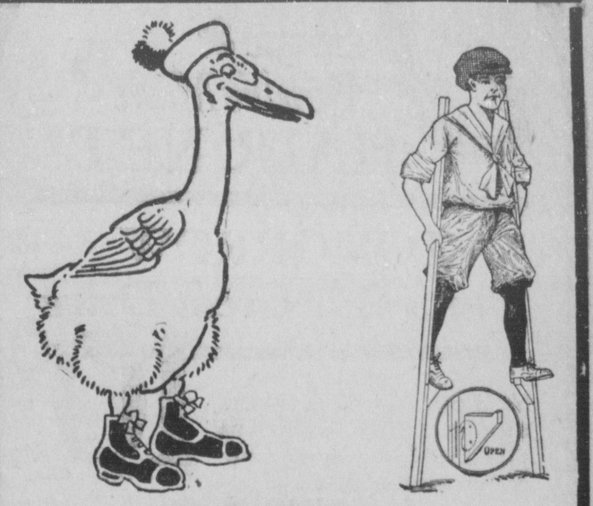

The county road department is expecting the early arrival of seven car loads of road oil, L. V. Baldwin, county superintendent of highways, said yesterday. These cars are intended for use on the state road from Jacksonville to the county line and on the Woodson road.

The oiling of roads has been a very difficult matter this year both because of the lack of rain and the irregularity of railroad service. In several onstances oil has been appled on highways that are not really in satisfactory condition for the work, but it has been impossible to overcome the difficulties mentioned.

Miss Emma Daniels, accompanied by Miss Caroline Doane returned Thursday night from Bay View, Mich., where they have been spendng the greater part of the summer.

BACK FROM NORTHERN ILLINOIS TRIP

Mr. and Mrs. E. V. Wiswell and two daughters retured yesterday from a two weeks' automobile trip to northern Illinois. They spent a week in Chicago, several days at the home of Mr. Wiswell's sister in Morris, Ill., and returning stopped at Starved Rock and Deer Park and in Peoria.

ORDER ARREST OF WIZARD PRO TEM

(By The Associated Press)

INDIANAPOLIS, Ind., Sept. 7.—A writ for the arrest of Edward Y. Clarke, imperial wizard pro-tem of the Ku Klux Klan was ordered today by Federal Judge Francis E. Baker. The information charges Clarke whose home is in Atlanta, Ga., with possession and transportation of liquor. It is charged that the imperial wizard addressed a meeting at Muncie, Ind., last night during which it was reported to the police that a handbag had been stolen from Mr. Clarke's automobile. It is declared, however, that the bag fell from the automobile and burst open revealing a quart bottle of liquor and $500 in currency.

RICHEST VILLAGE IN THE WORLD IS CUTTING EXPENSES

General Curtailment Has Been Worked Out By New Officials

(By The Associated Press)

HIBBING, Minn., Sept. 7.—Sharp curtailment of expenses by the village of Hibbing, the richest villane in the world, were announced today following a meeting of the village administration headed by John Gannon, newly elected mayor.

General curtailment of expenses, with few possible exceptions, were worked out with the majority of those on the village payroll still holding their positions.

It was decided to lay off eight watchmen and five plain clothesmen of the police force with the remainder employed two weeks on and two weeks off. The fire department will also suffer as a result of the curtailment.

The street department will be the hardest hit. Of the 54 men now employed by that department but 27 will remain on the payroll. The office of welfare and charity work will be combined.

The park board reported that expenditures have been cut almost in half and the water and light board declared that a saving of $60,000 would be made in this year's budget of $600,000.

HOOVER SAYS WILL ROTECT HOUSEHOLDER

PHILADELPHIA, Pa., Sept. 7.—In the matter of anthracite coal distribution and prices for the same, "the householder must and will be protected," Herbert Hoover, secretary of commerce declared tonight at the conclusion of a hard coal conference of national significance. The question of price is yet to be decided but Samuel D. Wardiner, president of the Lehigh Coal and Navigation company and others who attended the meeting, said there was no disposition among the "big operators" to seek "unfair" profits.

C. W. B. M. OF FRANKLIN CHRISTIAN CHURCH MET

The regular meeting of the C. W. B. M., of the Franklin Christian church was held Wednesday afternoon at the home of Mrs. George R. Deere. The program leader was Mrs. Ella Stewart, and the following program was presented:

Devotionals—Mrs. Stewart.

PYTHIANS OBSERVED ANNIVERSARY DATE

Favorite Lodge is 30 Years Old and Proud of Its Record—Chicken Supper Followed by Program.

The special observance in honor of the 30th anniversary of Favorite lodge No. 376, Knights of Pythias, was a very successful event. Members to the number of nearly 200 gathered at the Buckthorpe grove east of the city on the Morton road about 6 o'clock. There fried chicken and other good things sufficient to make up a splendid menu were served.

A competent committee served all Knights generously and then came several athletic events, concluding with a tug of war between city and county teams. George Brown was the leader of the Jacksonville team and Charles M. Strawn of the non-residents. There were about 20 on each side and for two minutes the struggle was a tie. Then W. H. Cocking came to the assistance of his city brethren and mighty soon the non-residents acknowledged their defeat.

Dr. W. E. Spoonts served as chairman and the first number of the formal program was a selection by the K. P. quartet, including Maurice Peckham, Ben Denny, James Guyette and Dr. Magill.

J. F. Claus told something of the original meeting, when the lodge was formed, recalling facts which the assembly heard with interest. The speaker mentioned that two members of Jacksonville lodge No. 152, Owen P. Thompson and the late Charles A. Barnes, were very active in assisting Favorite lodge to organize.

L. B. Turner emphasized the growth of the lodge by his statement that when he joined in 1903 that the roll showed less than 125 members, while now there are 502.

In addition to Mr. Claus, the only other charter members able to be present were John Brown of Peoria and W. H. Henderson of Springfield. There were a number of visitors from Roodhouse, in addition to members of Jacksonville lodge No. 152.

The supper was served free to lodge men and the whole occasion was greatly enjoyed. The anniversary committee included Dr. Allen M. King, Frank Bracewell, Jewill E. Scott, Harry Herring and Arthur Conlee.

Pictures of K. P. block and some of the present day officers of the lodge appear elsewhere in this paper.

Get More Eggs this Fall and Winter!

The one great mistake most poultry raisers make is in the idea that scratch feeds make eggs, and this accounts for their failure to get eggs in the winter and fall.

Scratch feeds do not make hens lay. Just so long as you make scratch feed the bulk of your hen's ration, you will fail to get eggs. Scratch feed is for the hen's bodily maintenance—to make her exercise, scratch—to satisfy her while on the roost, and not to make eggs.

The feed that will make hens lay abundantly must be a soft feed, finely ground and correctly balanced—a feed composed of materials like hens pick up in the Spring, when their egg production is highest.

FUL-O-PEP DRY MASH
The Great Oatmeal Poultry Feed

is that kind of a feed—compounded along nature's lines—made solely to make hens lay. It is a combination of proven egg making materials with several other valuable ingredients which come as near nature's egg-making food as it is possible for expert knowledge, science and experience to produce.

To get more eggs, Feed FUL-O-PEP DRY MASH—all your hens will eat. Keep it where they can get it all the time, and feed Ful-O-Pep Scratch Feed about an hour before they go to roost—then you'll get eggs and lots of them. We guarantee it.

FIRE THREATENS WINCHESTER GARAGE

Flames at Armstrong's Garage Extinguished Before Department Arrives—Other Winchester News.

WINCHESTER, Sept. 7.—The fire department was called to the Armstrong garage early Thursday morning, where gas had become ignited on a car on which workmen were busy. It looked for a while at if a disastrous fire was certain, but by the quick use of hand extinguishers the flames were subdued before the department arived.

Miss Dona Little arrived Wednesday from Springfield for a vacation visit with home folks.

Mrs. T. N. Corrie of Stonington, Colo., is here for a visit with her son, Rev. Carl Corrie, and family.

The merchants are planning a Dollar Day event for next Thursday, Sept. 13.

William Turney has purchased the Armstrong garage and is to take possession at an early date. Mr. Armstrong's friends will be sorry to know that he will probably leave Winchester, but hope for his success in any new business enterprise.

CLUBS AND SOCIETY

Literberry Ladies Aid Met With Mrs. Phillips.

The Ladies Aid Society of the Literberry Christian church met yesterday afternoon at the home of Mrs. Will Phillips, east of the city. About twetny-five persons were present. A very interesting program was given. An instrumental solo was greatly enjoyed played by Miss Dorothy Ogle as well as a vocal solo sung by Miss Irene Ogle. An interesting reading was rendered by Miss Lora Peterfish. Contests were also indulged in after which a two-course luncheon was served by the hostess. A number of visitors were present among which were Mrs. Barnett and Mrs. Clark of Chapin. The next meeting will be held at the home of Mrs. Albert Crum of Webster avenue.

Wesley Chapel W. F. M. S., Met With Mrs. Allen.

The Wesley Chapel W. F. M. S., met at the home of Mrs. James Allen Thursday afternoon. On account of the extreme hot weather the attendance was below normal. A delightful program was rendered as follows:

Scripture—Mrs. Tendick.
Prayer—Mrs. John Leach.
Music was furnished by the Victrola.

Following the program an election of officers was held for the coming year. The results follow:

President—Mrs. William Ranson.
First Vice Presdent—Mrs. J. W. Wilson.
Second Vice President—Mrs. Herbert Mawson.
Corresponding Secretary—Mrs. J. W. Leach.
Recording Secretary — Mrs. Frank Ranson.
Treasurer—Miss Grace Middleton.
Program Committee—Mrs. R. G. Vasey, Mrs. Godfrey Tendick and Mrs. Fred Megginson.

Following the program and the election the hostess served cooling refreshments.

Missionary Society Of Concord Church Met.

The Missionary Society of the M. E. church of Cornocrd met Thursday afternon at the home of Mrs. Johnson in Joy Prarie. The program follows:

Devotional—Mrs. Bliming.
Reading—Mrs. Cora Newton.
Reading—Mrs. Kershaw.
Piano Solo—Miss Rowena Johnson.

Following the program delightful refreshments were served by the hostess.

M. M. Coterie Club Met.

The M. M. Coterie club held a regular meeting Thursday afternoon at the home of Miss Helen Snyder, 435 East College avenue. The time was spent in sewing and having a good time socially, and the hosters served delightful refreshments before the guests departed. Among those present were Miss Snyder's house guests, Misses Valde Miller and Madeline Rothweilder of Palmyra, Mo.

Slumber Party Is Given at Sinclair.

Misses Hazel Carlile and Pauline Trotter entertained a number of their friends at a slumber party Wednesday evening at the home of the latter in Sinclair and music made up a very delightful program of several hours' length, and dainty refreshments were served by the hostesses.

State Street Church S. S .Class Meets.

Members of the Happy Hour class of State Street church Sunday school met Thursday afternoon at the home of Mrs. Frank DeFreitas, 1079 North Diamond street. It was the first meeting of the fall session and was attended by most of the members. It is the custom of the class to sew at these meetings, but the the time yesterday was spent in a social way. Refreshments were served during the afternoon by the hostess.

Centenary Women Had Birthday Social.

A birthday social was held by members of the Centenary church Ladies Aid society Thursday afternoon at the home of Mrs. Louis Kelly, 646 South Diamond street. The attendance was quite good in spite of the exterenely high temperature, and the occasion was an enjoyable one.

The hostesses in addition to Mrs. Kelly were Mrs. Lee Stice, Mrs. C. F. Smith and Mrs. W. I. Crabtree. As there are so many members of the society who celebrate their birthdays in September, there will be another birthday social on Thursday, Sept 21, at the church. The hostesses on that occasion will be Mrs. Lucreta Brown, Mrs. George Brown, Mrs. George Moore, Misses Olive and Anne Hodgson.

At the session Thursday plans were made to assist in the burgoo picnic which the church is to give some time the coming week. Various reports were made, all indicating a year of great activity just closing. The treasurer's report showed a goodly sum left over after all expenses are paid. Delicious refreshments were served by the hostesses in the late afternoon.

Occeca Camp Fire Had Ceremonial Session

Girls of the Occeca camp fire had a council fire Thursday night at Mauvaisterre lake. The time of assembly was just at sunset and the ceremonials took on a semi-public character, from the fact that the parents of the girls had been invited to be present.

Three camp fires were lighted and the events began under the direction of Miss Forward, camp fire guardian. Georgia Terhune was given the rank of wood gatherer, Melva Moses was the central figure in the gown ceremony and rank of fire maker was awarded Margaret Kitner, Helen Dumas and Miss Forward.

Special honors were awarded Elinor Stoldt, who now has the rank of torch bearer, the first of this class awarded in this camp fire. It was given Miss Stoldt in recognition of certain qualities of leadership. As emblematic of leadership she was presented with a pretty candle stick.

Beads earned during the past six weeks were awarded. This camp fire, which is one of the most active of the girls' organizations, includes in addition to those already mentioned: Ailene Rabjohns, Toinette Cully, Margaret Marshall, Margaret Piepenbring, and Louise Wiseman.

A number of songs composed by girls of the camp fire were sung and the very interesting ceremonial came to an end just as the moon rose and added its glow to the fitful light of the camp fires.

Miss Eleanor Moore returned yesterday from a six weeks' stay at Fish Creek, Wis. Miss Adelaide McCune, who accompanied her, has been spending several days with relatives in Ipava and will come to Jacksonville today.

MORE OIL MEN LOOK OVER LOCAL FIELD

Geologist for Roxana Oil Company Here—Facts Given About Future Drilling Plans.

The Five Star Petroleum Co., now drilling on the Coons land northeast of Jacksonville in the Rhodes-Moorehead field, expects to strike oil sand today. Interest is shown daily in the local field by visits of oil men. Yesterday the list of men here in conference with Mr. Rhodes and Mr. Moorehead included R. J. Poorman of West Union, Ill., and Frank Korp of Okumulgee, Okla. It is probable that these men may make subcontracts with Messrs. Rhodes & Moorehead for a number of wells.

When the well is completed by the Five Star Co., on the Coons' land, which is described as the northwest quarter of the southwest quarter of 8-15-9, the rig will be moved to the Mahon farm, described as the northwest quarter of the northeast quarter of 81 15-9. The site chosen is near the northeast corner of this farm.

Then the scene of drilling operations by this company will be changed to the Boyd farm the southwest quarter of the southwest quarter of 7-15-7.

The rig of the Indiana-Illinois Petroleum Co., has been shipped and should arrived here Monday unless there are unusual delays in transit. This rig will be taken to the Self land, the southeast quarter of the northwest quarter of 8-15-9, for the first well, and to the Wiswell land, the southwest quarter of the northeast quarter of 13-15-10, for the second well.

Within recent days Mr. Burton a geologist for the Roxana Oil Co. of St. Louis, visited the local field making a preliminary survey. He inspected the log of the wells put down by Rhodes & Moorehead and is to come back soon for further inspection purposes.

Representatives of the Standard Oil Co., the Ohio Oil Co. and the Pure Oil Co. have already given some attention to the local field and will have representatives here soon for further inspection purposes.

Mr. Irwin of Iola, Kan., who also has a number of leases northeast of the city, has a drilling rig here and it is understood that his first well will be on the George Orear farm.

YOUNG PEOPLE ARE MARRIED IN FRANKLIN

Mr. and Mrs. Wilson Announce Their Marriage at Franklin on September 2 — Will Reside West of City.

Mr. and Mrs. Ernest Wilson have announced their marriage which took place in Franklin, September 2. The Rev. F. A. Sherman of that place performed the ceremony. The marriage was a surprise to their friends who were not informed of their intentions. After the ceremony the young couple went to Springfield and returned to the home of Mr. Wilson Monday.

Mrs. Wilson is the daughter of Mr. and Mrs. J. C. Becker of the Asbury neighborhood and is a young lady of winning personality. She is a graduate of the Jacksonville High school, being a member of the class of 1922. Mr. Wilson is the son of Mr. and Mrs. J. W. Wilson of west of the city. The young couple will live on a farm west of the city and have a large number of friends who wish them a life of happiness.

ST. LOUIS MAN HOPES FOR BIG BUSINESS

J. P. Sweeney Told Kiwanis Club More Satisfactory Conditions Will Soon be Here.

At the Thursday luncheon of the Kiwanis club an address made by John P. Sweeny, assistant bond officer of the Mississippi Valley Trust Co., of St. Louis. Mr. Sweeney talked about the business outlook and took a very optimistic view.

The musical program of the day included a vocal number by Miss Charlotte Sieber, daughter of Mr. and Mrs. G. A. Seiber, and a student at the Chicago Musical college, and violin solos by Miss Eloise Capps of Illinois Conservatory faculty. Miss Ellen McCurley, who is now with a concert company, served as accompianist for both Miss Seiber and Miss Capps.

The guest list of the day included William Smith of Quincy and Howard Marschulz of St. Louis. The attendance prizes of the day was announced by President Farell went to Marcus Hulett and W. A. Fay.

Mr. Sweeney's opinion accords with that of a great many other men who have come in contact with big business, and that is in effect that very prosperous days are not far ahead and with strong indications that the era of activity will continue thru a period of several years.

In the whole situation Mr. Sweeney found nothing disturbing except the railroad strike, and with some indications that it will soon disappear from the horizon of troubles. In support of his assertion that business conditions are becoming satisfactory, Mr. Sweeney quoted statistics with reference to the railroads, showing how much car loading has increased during the year notwithstanding the strike troubles. Then figures relative to crop and some further financial data refering to the railroads, showing that the roads have found it possible to refund some of their loans at lower rates of interest. There are, in fact, a great many indications to point to the early coming of an active period of prosperity.

CITY NEAR ICE FAMINE THURSDAY

Along with a great many other cities in Illinois, Jacksonville was very near to an ice famine yesterday. The continued stretch of extremely hot weather has made it impossible for the two local plants, the one operated by Snyder Ice & Fuel Co., and the other by the Consumers Ice Co., with Walton & Co., as sales agents, to manufacture sufficient ice to meet the unusual conditions. In consequence, car load shipments were secured by both companies from other cities where the ice in storage made it possible to secure the car lots.

Other car load shipments are to arrive today, so that there is no danger of the supply being actually exhausted. One of the main difficulties in securing outside shipments has been the interrupted freight service.

M. E. CONFERENCE IS NOW IN FULL SWAY

Rural Church Workers Had Cafeteria Banquet Wednesday Evening and Elected Officers—Important Matters Given Attention.

DECATUR, Ill., Sept. 7.—(Special to Journal.)—The Rural church workers, followed up the anniversary service by a cafeteria banquet at the Y. W. C. A., hall last evening. Because it is not always easy to say who belongs to this class of greatly needed and very useful church leaders—membership fees are abandoned—and a voluntary offering of a minimum sum of 25c is solicited at the gathering.

The following officers were elected: President, J. H. Singleton, Mahonet, (pastor of Shiloh church); Vice President, Homer Delap, Grove City; Secretary and Treasurer, J. C. Berry, Evanston, Bishop Nicholson was toastmaster and introduced F. E. Newmeyer, of Carmargo, who spoke of the inspiration and instruction received at the summer school for rural workers at Evanston last month. The lesson brought to all the students from expert observers, was the need of better preachers, more efficient instructors among the people of the open country church. District Superintendents Duncan and Fairchild spoke in turn on Evangelism in the various parts of the conference, where weak churches need help which could not be found, but for the district cooperation and leadership. District surveys, also were discussed, charts exhibited showing weakness and strength in the changing population of the tenant farmer and marking out the parish lines, denoting here other denominations are at work or where churches are abandoned. Suggestive lines of work, in a cooperative way were made and the long neglected circuit system is coming back so adjusted and arranged as to meet the needs social, economic and spiritual of every community.

Prof. Nolan of the University of Illinois, gave an instructive address on "The Rural Church as Related to Young Life," showing what can be done, and what is being done by the Christian student trained and directed in college and university life.

The Ten Year Program.

Dr. George L. Search of Philadelphia, representing the Home Mission and Church Extension Society, presented in outline the program of the society for the ten years following the centenary. Previously appointments have been made from above, and sent down to the conference, and divided among the districts, and assignee to the churches. Now the reverse process is propose. From the needy churches, the unchurch masses—the churches at or near army camps, aviation fields, state universities, and rural communities, needing assistance, send up their petitions, and thru representation of the area, are passed upon and sent to the head office in Philadelphia, and are modified according to the general needs and approved in accordance to recommendation, and paid annually according to funds in hand.

Dr. E. M. Antrim then presented the various claims of the districts which totaled, in money for churches and rural charges parsonages and special needs as follows:

Matoon District annual needs, $17,000.

Decatur District annual needs, $4,280.

Jacksonville district annual needs $9,700.

Bloomington District annual needs, $8,000.

Springfield District annual needs, $17,900.

Quincy district annual needs, $4,620.

Champaign - Danville District annual needs, $12,000, plus the needs for Wesley Foundation at State University, a state-wide petition and estimate, equal to $16,000 annually.

The report was adopted.

Retired Ministers.

The special order of the day was taken up and proved the most intensely exciting question before the conference. Annually the ministers who are retired for other cause than age limit, or who have preached 40 years or disbility, were referred to the committee on conference relations. An effort was made to keep the earnings of the ministers within $1,200 was defeated—because only a few men for a few years, ever secure men as much as that. Six men asked that their cases be reconsidered and readjuste in classification. Dr. J. W. VanCleve is in very serious physical condition and asked to be put on the retired list. Dr. VanCleve has occuped a general conference position for twelve years, and his recent illness and serious outlook is greatly deplored.

Notes.

John M. Phillips, son of W. S. Phillips, has accepted a pastorate at Malden, Mass., in an important Congregational church and will have his relation to Methodism changed to that of the Congregational church.

Henry Hitt Crane, son of Charles A. Crane is the pastor of the largest Methodist church in New England, at Lynn, Mass., and his widowed mother is the matron of the parish. She is well known in Jacksonville, a member of the well known Hitt family of Merritt and Jacksonville.

M. O. Beebe, dean of the School of Theology in Boston Theological Seminary, addressed the conference. His brother M. O. Beebe, a member of Illinois Conference, spoke in the interest of that school, which has 25 gradautes in the conference. A banquet to those students was held at six o'clock, with Dean Beebe as guest.

Dr. E. Robb Laring, editor of the Northwestern Christian Advocate of Chicago, spoke briefly and spent the day greeting his old friends.

Many belated ministers came in today making a registry or nearly 300, besides many preachers' wives and laymen.

ROMANTIC HISTORY SURROUNDS NAUVOO

Convalescent Soldiers in that Place Find Much of Interest—Was Home of Icarian Comunity.

NAUVOO, Ill., Sept. 7.—Convalescent soldiers of the world war, sent to the government tubercular hospital here, are winning their way slowly back to health amid surroundings of unusual beauty and peculiar historical interest.

The story of the Icarian community, founded by the son of a French cooper who became at once a great jurist, a high official of France and a respected novelist, is considered by some the most romantic story.

The cooper's son was Etienne Cabet, born at Dijon, France, who became in time of Louis Phillippe one of the leading French jurists, and during the second Republic attorney general. Dreaming of a world in which all would be equal, he read Victor Hugo's novel "Icaria," and from it drew the inspiration for his colony. He left behind his opportunities in France, and came to America. The Mormons had but recently, in 1864, given up their holdings in the City of Nauvoo and were offering for sale their buildings in the town they had founded. Cabet and his followers virtually bought what was then the whole town of Nauvoo, and established a community in which there was no private property.

The Mormons had set fire to their magnificent temple, but only the wood work burned, leaving the valuable stone intact. Cabet and his followers set about restoring the building, but when their work was almost complete a terrific storm virtually destroyed the structure. They then used the stone to erect a large community house. It contained a dining room where all the community, from 1,200 to 1,800 persons, ate their meals. The food was brought into the dining room from a near by kitchen in small cars on rails.

The Icarians were reputed industrious and frugal. Their orchestra was in that day considered the best in the United States it is said, and their schools were so good that many from outside the colony came here for instruction. Production of goods became so great at one time that the society established a shoe store in St. Louis to dispose of the surplus shoes manufactured. Many articles also were sold in Keokuk, Iowa.

Discontent is said to have developed in the colony because many of its skilled workmen wanted to make more money, and rebelled against Cabet's theory that the community should not become capitalistic but should produce only enough for its own needs. Cabet was defeated for president of the society. The colony faced bankruptcy, its members sold the property to pay debts and finally dissolved the community.

MARRIED "BUDDIES" WILL BE SELECT

NEW ORLEANS, La.—The old sign "Officers Only," which is said to have caused more A. E. F. "buck" privates to lose their patience than the entire German army, will have a new peace counterpart at the annual convention of the American Legion to be held here October 16 to 20.

"Married Buddies Only," will be the new order, word having gone out that only veterans accompanied by their wives will be housed in the residential districts of New Orleans. The remainder of the 150,000 visitors expected are to be billeted in buildings, hotels, and other quarters. To comrades who were telling their wives that they could not make the trip to the convention because of "lack of accommodations," the committee has advised that married men accompanied by their wives will be given preference.

Distinguished guests and delegates from the more remote states will be housed in downtown hotels. Rooming houses halls, business buildings and lodge rooms will be utilized to care for the thousands of single vets. Accommodations will be prepared for more than 14,000 in Pullman cars in the three large railroad yards of the city.

The most representative gathering of America's fighting forces in the world war since the signing of the armistice will make up a parade, convention officials say, in which more than 50,000 Legionnaries, marching in the uniforms which they wore in active service, will take up the marching stride of the A. E. F. down the streets of New Orleans, keeping step to more than 100 bands and drum corps.

The veterans will march by states in the order of membership during the last year. State units will be accompanied by bands of the various departments which will participate in the band and drum corps contests.

DES MOINES PREPARES FOR G. A. R. MEETING

National Encampment to Be Held In That City September 24-29 —Officers Elected on Friday.

Des Moines, Ia.—(By The Associated Press.)—The fifty-sixth national encampment of the Grand Army of the Republic will be held here during the week beginning September 24.

Aging veterans of '61, their ranks greatly diminished by death will gather with their comrades for the fifty-sixth time since ending their services in the Union armies.

Tales of famous battles, charges at Gettysburg, Sherman's march to the sea privations and sufferings which ended with the surrender of Lee at Appotomax, will be recalled and told with an enthusiasm which has increased at each annual encampment.

Less than 93,000 of the "boys in blue" are alive today. Their numbers, running into hundreds of thousands shortly after the close of the Civil War, have been thinned with increasing rapidity by the advance of time. Within a few years the Army of the Potomac will be but a memory.

The encampment will open Sunday, September 24, with special services in the Des Moines churches where veterans will be speakers. Monday will be registration day and the time for the exchange of greetings.

Regimental and brigade reunions will be held Tuesday followed by receptions by auxiliary assocations at the governor's parlors, in the state house.

The parade will be held Wednesday morning. A school children' sprogram will be given on the grounds of the capitol that afternoon and the great camp fire will be held that evening in the collosseum.

Business of the encampment will occupy the attention of the veteran's Thursday morning and afternoon and the election and istallation of officers will be held Friday, the last day of the encampment.

MANY FAITHS AT DEDICATION

Peoria, Ill.— Exercises in which a Protestant minister, a Catholic priest and a Jewish rabbi took part, marked the dedication at Springdale cemetery in Peoria, on Sunday, August 13, of "American Legion Hill 12, where all Peoria veterans of the war will be buried, for whom no other burial place is provided. The Legion Hill is within a stone's throw of the "hill of the Grand Army of the Republic.

Money for the purchase of this plot of burnin ground was obtained by legionnaires and members of the Peoria auxiliary by the sale of daisies on Memorial Day.

Besides the addresses by the three ministers, a program of songs was given by the American Legion quartet, composed of Lee Wilson Elmer Halter, John O'Conner and Wilbert Crumbaker, Commander, of the Peoria Post, Harry A. Shay, delivered the dedication adress following introduction by Harold Schradzki, also of the post.

WANT CLUB HOUSE NOT CEMETERY LOT

Pekin, Ill.—Persuaded that the Pekin Post of the American Legion is in a greater need of a club house all their own, than of a plot in the cemetery, the legion commander here has been authorized to request the Pekin Memorial Park cemetery to send all contributions for the legion back to the donors. The cemetery has been raising a fund for a seperate American Legion lot in the buring ground.

The Post announced that it would not colicit funds until such time as was best to start the campaign for the Legion home. Any other drive it was thought, would interfere with that pdoject. Meanwhile however, a trust fund has been started and those who desire to help in the fund may transfer their cemetery contributions to it.

KING NOT ALLIED WITH SOCIALISTS

CHRISTIANA, —By the A. P. —The newspaper Tidens Tegn, in an editorial article on the political situation published August 4, explains the alliance between the Norwegian cabinet and the Socialist cabinet as follows:

"The cabinet, whose party had been reduced to 37 of the 150 members of the Storthing, or parliament, asked for and received the support of the Socialists and the young Communistic party whose parliamentary entrance was marked by the failure of the general strike. This party, therefore, was in need of an arbitration law so as not to overtax its promise to the laborers, and it was on this platform that the Communists and the special cabinet party came together. They cooperated satisfactorily from the beginning on questions of finance and taxation. The strongest connecting link was the prohibition policy."

Recent correspondence on Norway's internnal political situation made it appear that King Haaken had allied himself with the Communists. This is not correct. This can be said only of his cabinet, struggling to get a majority in the Storthing. The King himself takes absolutely no part in the forming of party alliances. He is chief executive thru any cabinet formed and supported by the majorty of the Storthing. This body is responsible for the kind of cabinet the King gets, even if its course results in a cabinet dependent for its existence upon support of a communistic faction.

King Haakan always has lived up to the constitution, and he never has tried to influence the formation of a cabinet, or to direct its policy in any way. He is not to be held responsible for any act of the government; this responsibility rests entirely upon the cabinet.

Harold Brown of New York City is visiting in the city the guest of Capps and Sons.

MINISTER DEFENDS THE TELEPHONE GIRL

EVASTON, ILL.—Rev. George Craig Stewart D. D. rector of St. Luke's church, in The Visitor has come to the defense of the telephone operator. He says:

"Number Please" Uncrowned heroines of patience, gentleness, courtesy-these are our telephone operators. To sit for hours saying "Number Please" in a pleasant voice; to give ever that soft answer which turneth away wrath; to suffer fools gladly when they bawl a number into your ear or put the baby to the mouthpiece to hear the baby babble; to say quitely "No party on your line now" knowing the receiver will be slammed at you; to be yelled at, howled at, denounced and derided, and yet to remember always that you are a public servant and never to lose your temper-some job.

It is easy to criticise, but I wonder if there is any public service superior to our telephone service, and would we not do well to remember that these girls who serve us are sisters, daughters, young women of exceptional ability and charm. They must be to keep their positions. "Number please" they say, but I'll venture they have your number and mine.

PAY-DAY OPTIMISM

Its great to be optimistic IF you aren't too optimistic on pay day.

The trouble with most people is that they imagine they OWN the world on payday with the result that—twenty-four hours later—they OWE the world.

There is only a difference of one letter between OWN and OWE but OW! what a difference that is.

AM YARYAN BREAKS UP GAME IN TENTH

rced Into Game When Schalk's Finger is Split He Wons Game for Sox With Homer—Had en Helpless Before Winn's Offerings.

CHICAGO, Sept. 7.—Yam Yaryan forced into the game in the Tenth inning after Schalk's finger was split by a foul tip off Stephenson's bat cracked out a home run which gave Chicago a 9 to 8 victory over Cleveland. Yaryan was the first man in the tenth inning and he smashed the ball into the left field bleachers.

The locals had taken a big lead by driving Morton off the mound and were helpless against the left hand offerings of Winn until Yaryon's drive ended the game.

Schalk will be out of the game for several days.

STANDARDIZATION OF TRAFFIC COLORS

American Railway Association Makes Recommendation--Would Be In Interest of Greater Public Safety.

CHICAGO. — Standardization of colors for traffic signals section of the American Railway association. The Pennsylvania News, publication of the Pennsylvania railroad, announced in a recent issue.

The recommendations are:

1. The principle of red for stops everywhere, unless qualified by a more favorable indication that is, at highway crossings with railroads if train is approaching; in fixed signals and in the hands of traffic officers at street intersections and at the ends of streets and possibly to indicate excavations in streets.

2. Yellow for tail lights of automobiles, possibly excavations in streets and for calling policemen, or for any other purpose where caution is required, possibly at busy street intersections to indicate that the traffic lights will be changed from red to green or from green to red.

3. Green lights for fire escapes; for proceeding at street intersections and other purposes to indicate the way is clear.

It is obivious that the public cannot be expected to interpret signals correctly if their significance differs in various localities, said A. H. Rudd, Chief Signal Engineer of the Pennsylvania lines, who presented the recommendations in behalf of the only desirable but absolutely essential, he said.

The great underlying cause of accidents is carelessenss of the automobile driver and his disregard for his own safety and that of others. If uniform colors are established, drivers should be required to pass a test for acuity of vision and color preception.

PENNY STORE HAS UNIQUE WINDOW DISPLAY

Showing Location of Stores and Buying Offices of the J. C. Penney Co.

One of the show windows of the J. C. Penney Company store, at No. 221-223 West State street, contains an unique and graphic demonstration of the size and the growth of that Nation-wide organization.

The window trimmer has placed colored tacks in a large map of the United States at the points where the company has stores. From these tacks strings of the same color run to a card on which the name of the city or town and the number of the store is printed in bold type.

There is one red tack. This denotes the "mother" or first store, which was opened at Kemmerer, Wyoming, in April, 1902. The yellow tacks indicate the 312 stores that were in operation at the beginning of this year, while the blue tacks direct attention to the 59 new stores now in course of opening. The three white tacks locate the buying offices of the company at New York City, St. Louis and St. Paul.

It is an exceedingly interesting display, well calculated to arrest the attention of people passing the window. It affords a keen realization of the magnitude of that great organzation.

BOYS NO LONGER RUN AWAY TO SEA

Stockholm,—By the A. P.—A new help to Swedish lads considering their life occupation, and probably a unique thing in the world, is the system recently inaugurated wherby young men are allowed to try out service in the Swedish Royal Navy voluntarily and without being under oath, in order to find out whether they are called to the life of a naval officer or not.

College men 16 or 17 years of age who think they may want to enter the navy after graduation go abroad battleships and smaller naval craft as cadets under instruction. They mess with the crew and work under the same conditions as seamen, except that they pay for their meals and may pick up their bags and go ashore for good whenever they please. They not only get a practical knowledge of the duties of ordinary seamen, but they may also post the watch, serve as coxwains of the ship's boats, and in general test out their abilities to command.

The battleshiup Queen Victoria, the station ship Svea, and a number of smaller vessels are providing this unusual opportunity for young men, who may in the end discover that they are better fitted to become statesmen than naval officers. Thus this vocational innovation is beneficial to the navy as well as to the youth, who is given a chance to avoid making a mistake.

District Superintendent Pletcher Presents Report

The following report for the Jacksonville District of the M. E. Church was presented to the conference in Decatur by the Superindent Rev. E. L. Pletcher.

It is the policy of the Methodist Episcopal church to receive quarter reports from each church and pastor, also I have secured annual reports from each church and pastor in district that report annually to the conference. My report is made up from the reports submitted to me by the several churches and pastors. My object shall be to report to you conditions as they are in Jacksonville district and a survey of the past year's work. From the nature of the case it is impossible to give a satisfactory report, the district being of such size and the number of churches makes it impossible to cover this district as one would desire. It is possible that my colleagues will report to you the very unfortunate railroad conditions which have prevailed during the latter part of the year. It may be that they will also mention the great financial depression that has been upon the country the past year. They may suggest to you that the farming districts have suffered greatly in this connection. Laying all these matters aside, I shall report to you briefly the work of the year.

The conference year opened well with all charges filled and the prospects bright for a successful year. During the first of the month of the year, Rev. F. P. Bonnefor transferred from the Durbin and Providence work to the Eastern Illinois conference. We were very fortunate in securing Dr. F. M. Rule to supply this work the remainder of the year, which has been a most satisfactory and fortunate arrangement. The charge asked for a young man who could reach the young people and carry on a campaign for the year and they named Dr. Rule as the man they desired. There has also been a change at the pastorate at Girard. The pastor appointed to this work H. M. Ellis, was in the midst of a revival when he suffered a nervous breakdown and had to resign. A. B. Carlberg accepted a position in the Gary, Indiana school. After a few months F. M. Spurgeon was secured for Girard and has completed the year in a most acceptable manner. Through all these changes the good Methodist people of Girard remain true to the church and Girard has prospered greatly.

There has been no deaths durthe past year. And as a rule the preachers and their families have enjoyed good health. Early in the year we were honored with a visit in the Jacksonville district from Bishop Nicholson as a result the people were greatly inspired and the preachers stimulated. His helpful service and advice has greatly improved the general moral of our ministers. We are also deeply indebted to the Area office for their most efficient and kindly help. Dr. Moore, Area secretary, has visited the district often and has been untiring in his services and suggestions.

It has always been our idea that a church should have a program likewise the district should have an adequate program for the year. Evangelism, church efficiency and in this they are building up the benevolences in full and the prompt payment of our ministerial support and the organization of the churches for a more adequate church service to the communities. In our evangeliistic work we have well past the 1,800 mork of converts in the district during the year. Our district Evangelist Mr. D. C. Linton, has held meetings in the following churches:

Everley Chapel.
Girard.
Virden—Two meetings.
Manchester.
Chesterfield.
Rockbridge.
Auburn.
Chatham.
Curran.
Roodhouse.

White Hall and Oakford, also Glenarm in the Springfield district. The total number of converts in these meetings being 1,476. During the summer months the district tent was also used to good advantage. The real value of these meetings could never be estimated until the books are opened at the Great Day and the record fully known.

Brother Linton has thrown his utmost effort and devotion into all of these services. A number of other very fine meetings have been held over the district, the pastors acting as their own evangelists and there is scarcely a charge which does not report a good number of converts and accessions during the year. It has been the purpose to have the church organized so that a definate program may be carried out and that the church may reach and administer to the whole community. A very marked work in this line of organization has been carried in Carlinville where under the men's forward movements a large constigency of men have been secured and this church has prospered greatly in both things material and spiritual. Pastor W. S. Phillips closes his fifth year, the most succesful and prosperous of the untiring period.

Nearly every church has met with some improvements, the most noted being at New Salem where in December the district Superintendent was called upon to reopen and dedicate the remodeling of the church and the new basement, this improvement amounting to the sum of $5,000. This place is of historic importance because it reminds us of the encampment of General Grant's regiment, the line of march from Springfield to Naples and camped where the New Salem church now stands.

The Nilwood pastor has been a most successful year in both temporal and spiritual advancement. A new basement and a general remodeling of the church. Also a new basement at Bethel. These improvements are due to the faithful labors and devotion of the pastor, J. B. Wundellick, who is closing his sixth year on this pastorage. The district superintendent was also also called to re-open the church at Zion on the Manchester charge where a new basement and general improvements amounted to the sum of $2,000 have been brought to a successful conclusion. The people here were convinced that it would be impossible to raise all of the money for the improvements at this time. But the district superintendent was able to secure not only the full subscription but money to pay the insurance upon the church and this in less than thirty minutes.

Our people are very active in securing better homes for the pastors and the parsonages have been improved, beautified, and modernized. Nearly every pastor's home is as comfortable as the homes of the most prosperous laymen. Also there is a feeling that our church must be modernized and adapted to the needs of this new day. A number of the churches have met with improvements together with the requirements of the modern Sunday school and church activities.

August the sixth, a district meeting was called, each preacher was to report the condition of the church at that date, the prospects for collections and every help was listed. Arrangements were made that neighboring pastors might assist each other.

There has been some very sad hours during the year when we have been called to part with four of the veterans of the church.

J. B. Hillerby, whose home was in Jacksonville, with his daughter, the Mrs. Charles Hopper. He was called to the Home Beyond and he was ready.

C. W. Casely, who took a retired relation at the last conference after suffering long and patiently. His home was in Jackson, Ohio.

J. J. Dugan passed very suddenly from our midst from his home at Petersburg, Ill.

C. G. McCown after long days of pain God has taken him. His home being at Athens, where for ten years he had been a pastor. These all having received a good report through faith. God having provided better things for them.

The report would not be complete without facing the New Year and looking forward. As a result of the evangelistic campaign during the year many new members have been brought into the church, and we must see to it that this is encouraged in it's Christian expression. There will be no reduction in the total salaries of the district next year but an increase of perhaps a thousand dollars. Only two places have reduced their salaries and it is hoped that they will soon be in a position to attain their former standard. It has always been our policy to encourage and develop the weak and that this can be done has been fully demonstrated in a number of our rural sections. We find that it is the power of God unto Salvation and it is only part of it to encourage the lives of men that our country can be made safe for the generations that are to be.

No report from the Jacksonville district could be in any way complete without reference to one of the most outstanding educational institutions of Methodism, this is the Illinois Woman's college. Opportunity for observation has been most unique. As pastor of the church within one block of the college and as superintendent of the district I have not only observed the work of this institution but the general effect and influence. It may seem like repeating a story of the past to say that the last year has been the best year both as to finances and amount of work done. The prospects for the new year are that the student body will be larger than ever and will test to the utmost the capacity of the school. Pres. Harker has been encouraged by the recognition of this school, every year as to it's high standards and college recognition. During the year the board of education sent a committee to investigate as to the advisability of reorganizing the needs of the college. This committee reported that the present site of the college should be maintained, but should secure an additional endowment, this endowment must be at least one million productive in the near future and to meet the requirements of the general education. All of this amount must be secured not later than the coming June.

Praise is due to mention of the fine things which have been done by both pastors and people for the churches and the Kingdom in the Jacksonville district during the past year. If we should attempt to enumerate we must mention each pastor as they have served most faithfully.

They have been supported by the Methodist laymen and back of all we appreciate the simple and continued assistance which has come from the Area Office and our beloved bishop and with the faith in Him who never fears, we face the new year braver and that the conquests of the past are put aside into the Temple of the future.

STOCK MARKET PRICES ADVANCE

By Associated Press.

NEW YORK, Sept. 7.—Stock prices moved up in rapid fashion in today's market confirming the belief that yesterday's reaction was largely a readjustment of a weakened technical position. While the advances were spread over most of the list they were more pronounced in a list of carefully selected stocks, several of which broke thru to new high prices for the year. Current news developments indicating higher car loadings, increased soft coal production and possibility of separate peace agrements in the railroad strike situation all were favorable appered to have little bearing on the market. Mexican oil shares wer reactionary on announcement that the Standard Oil company of New Jersey had abandoned development work in the southern Mexican field but they recivered all or more of their losses before the close.

Domestic oils were in fairly good demand. Unusual activity in Cosden Oil which closed at a net gain of nearly 3 points, accompanied reports of its possible absorption by one of the larger oil companyies.

Norfolk & Western which attained a new high price on a net gain of more than four points was the outstanding railroad stocks. Its strength was attributed to the revival of reports concerning a possible segregation of its coal properties.

Prospects of unusually heavy fruit and vegetable canning this fall were reflected in the strength of American Can and Continental Can, each of which established new high records.

Total bond sales were $14,103,000.

ALL AROUND ADVANCE IN PRICE OF GRAINS

By Associated Press.

CHICAGO, Sept. 7.—Assertions that owing to drought and heat the corn crop this season would be 380,000,000 bushels less than was harvested last year had much to do today with an all around advnce in the value of grain. Wheat close ½c to ¾c net higher with December $1.02½ to $1.02⅝ and May $1.07½ to $1.07⅝. Corn finished ½c to ¾c up and oats ½@1c to c. In provisions, the outcome was unchanged to 12@15c higher. According to a statement from a leading authority corn has suffered severely during the last forty days with Minnesota, South Dakota, Nebraska and Kansas showing the greatest damage. He estimated the total yield at about 2,700,000,000 bushels and it was upon this basis that the 380,000,00 bushel shortage was forecast. Upturns in the price of corn were promptly reflected by the action of wheat.

Besides rough weather in Canada appeared likely to retard the market of Canadian wheat and to injure the quality of a large amount. Some heavy selling which took place on the upward swing of wheat values was ascribed to cash interests here. Declines that ensued failed to last however and gossip was current that export business was being under-estimated. The amount of wheat acknowledged as having bene taken for Europe today was 70,000 bushels, chiefly Canadian.

There was a big trade in corn and the market was strong from the outset but eleventh hour bulls were compelled to accept heavy offerings from holders who were in a position to realize profits.

Oats were governed by corn.

Provisions tended upward in line with hogs and grain.

ROODHOUSE NEWS NOTES OF INTEREST

Local People Return From Visit In North Part of State—Associated Press Man Here.

Roodhouse, Sept. 7.—Attorney and Mrs. A. B. Johnson and son, Keach arrived home Thursday night from a two weeks' motor trip to East Moline, Rock Island and Davenport where they sojourned among friends made during their thirteen years' residence at East Moline from where they came to Greene county.

Developments of the past week at this terminal brought to the city William C. Grant, of Springfield, resident representative of The Associated Press at the state capital. Mr. Grant spent the past several days here, returning to Springfield today. He was the A. P., man at Camp Taylor during the World War.

Mr. and Mrs. W. A. Jolley drove to St. Louis and spent Saturday and Sunday with Mr. and Mrs. Sidney Drake and family, returning home Sunday. They were accompanied by their daughter, Miss Vivian, who had spent the past three weeks in the Drake home.

THE BRITISH SOLDIER WATCHES OVER ISRAEL

JERUSALEM, — This is the great Moslem feast of Bairam and Palestine and Syria present scenes of unusual gaiety and animation. The two countries are really one. Only the artificial division to suit the ideas of British and French mandates make them two. The people are the same. Aleppo, by the extraordinary French agreement with Mustapha Kemal of Angora, is now deprived of all its hinterland and all its trade, and it must either die or be returned to the Turk again.

The crops are being reaped, the barley cut, and the fields are resplendent with flowers. One can see prototypes of Ruth and Naomi in every field, cutting the corn with the sicle and gleaning afterwards as they did in Biblical times, on the southern slopes of Bethlehem. This scene probably has been painted a hundred times by American and European artists but they have never got it quite right. For the women of the East squat on their heels to reap, using the left hand to hold the sheaf and the right hand to use the sickle. In pictures Ruth is always shown as gracefully bending but no Arab ever bends. In the East no one ever walks where he can ride, or stands where he may sit, or sits where he can lie down. This is the land of true repose.

The Arab custom is to have three great blocks of arable land, and to cultivate them, one every third year, leaving the other two great fields lying fallow. They use the same primitive methods of cultivation as of old; a camel yoked with a donkey to pull the wooden plough, and the sickle as the only instrument of husbandry

Jerusalem is a perfect kaliedoscope of color. Jews with long side curls and brightly-colored robes, not yet accustomed to their new-found liberty, slink along the pavement with downcast eye; young, bold, self-assertive Zionist Jews in white shirts open at the throat; Russians in white blouses defiant, contemptuous Arabs, with their flowing white headdresses; Moslem women shrouded in black veils, and passing them the modern young women of Jerusalem in cheap silk stockings and high-heeled shoes.

Up and down the street the picturesque Palestine Gendarmerie ride upon their grey Arab poines, or talk to the town police, in khak and black astrakhan fez. It would be hard to find such a strange mixture of races even on the East Side of New York. The sober British infantry or garrison artillery, smart and alert, take up positions along the Jaffa road to see the pretty girls go by.

As usual Tommy Atkins is quite inconspicuous, and it is difficult to believe that he alone allows all these warring races and creeds to meet and pass in peace. He keeps the peace in all the Near East now. Were it not for him, many lives would be in danger.

Not far distant from the ancient capital is a diffenent picture. In the fields of Beersheba, Gaza and the Mount of Olives the traveler sees 10,000 crosses marking the graves of the British soldier dead. to whom the subject races of the Holy Land owe their redemption.

AN ACORN does not grow into a great, strong, healthy oak tree in a day. The J. C. Penney Company did not become an institution of National importance over night. Like the growth of the tree, it developed by the process of time, each year becoming stronger with new branches reaching out in every direction. Starting with one small store in Wyoming in 1902, branch stores continued to appear year after year until today—twenty years later—there are 371 branches extending their influence and serving the people in 29 States. Of this number, 59 Department Stores are to be the product of this year, many of which have already matured. Mr. J. C. Penney, still active in the affairs of the Company, builded better than he knew when in 1902 he laid the foundation on which eventually was to rest the
